

Photography Assignment 1 / (40 points project grade)

In order to score your work must be on the drive properly labeled and posted on your website in a slideshow as directed in class. You are to post 10 image as a photo story. You may select the subject and tell a single story using multiple images in a variety of ways to relate your story visually. If you are unable to select a story then you may choose to do the story of "a day in your life" though this is not recommended last it will be a considerable amount of shooting in a single day.

Folder -"1 Photo Assignment"> edited >unedited.

Label the edited images (ex: 057.jpg becomes "photo 1 of 10".jpg for the #1 image)

All published/edited images must be focused to be scored.

1. Choose a story to tell visually. Take no less than 30 images for each photograph that you are gone to publish. This mean shoot a variety of images, angles and points of view.
2. Select your images for publication using Adobe bridge.
3. Posted images must be properly labeled.

Posted 10 best images that tells the story of your day in your blog labeled "A Day in My Life"
