Rubric / Website-Portfolio Development:

All images and graphics must be created by you and and you must own the copyright to all works on your portfolio website.

Decide on a direction for your webpages. Have a common idea or style.

All images, designs and stories should be posted on appropriate pages when completed.

Each assignment posting on the website must have a headline that matches the gradebook tile of the assignment.

Pages on the site should follow the same order as they are listed below on the rubric.

No stock photos or images from weebly should appear anywhere on your website. All photos are to have been created by you.

Please exclude selfies.

Please note if you you include music or sounds to steam on your site do not set it to *AUTO PLAY.*
