

Student Name _____

Parent/Guardian Approval for Student Field Trip

Through the course of the year, we will be doing several photo walks during our sixth period yearbook class. We will be in the immediate vicinity surrounding the school. However, we will officially be “off campus” and therefore need your permission for your student to attend. These are guided by the instructor. Those that do not receive permission will be allowed to remain in the office until we return during class time, 12:35 PM to 1:26 PM, but will lose the opportunity to complete photo assignments during class. This is a great opportunity for your student to explore everyday surroundings and transform them into art. While on these walks students remain together and proper school conduct is expected. Please fill in the following and sign below.

Thank You. Mr. Hungerford.

INFORMATION

Student Name _____
